

Touch Grass

Sponsorship at a glance · November 7–8, 2026 · Ulaanbaatar · hack-touchgrass.com

What. A 24-hour hackathon for **220+ students aged 14 to 20**, in teams of two to four. On the model of Stanford's TreeHacks, teams build working software in five tracks, **Healthcare · Sustainability · Education · Humanity · AI**, and professionals from each field judge them. The event runs in English.

When and where. Saturday November 7, 13:00, to Sunday November 8, 13:00; awards Sunday afternoon. Ulaanbaatar, venue confirmed by October 14.

Who. Founded and organized by **Anar Tuvshinbayar** and **Goomaral Sandag-Ochir**. Legally hosted by **Uram Enerel NGO (Uram Care)**, a registered youth health NGO, which signs contracts, receives funds and issues receipts.

Prizes. Top three teams share a cash pool of at least 5,000,000 MNT, split 50 / 30 / 20 · each of the five track winners receives 2,000,000 MNT · three awards across all tracks: Most Creative, Most Impactful, Most Technically Complex.

Why sponsor. Put your name in front of 220 of the country's most driven young builders and the judges, mentors and media around them. Meet future customers and hires, and leave with the winning prototypes in your field.

Tier	MNT	What you get
Title	20,000,000	"Touch Grass presented by [You]"; logo first everywhere, on all 220 shirts; 5-minute opening slot; judge on the final panel; you present first prize
Venue partner	20,000,000 or the hall in kind	"Hosted at [You]"; logo on every table and sign; named in every announcement; opening remarks
Track (5)	5,000,000	the track carries your name; you hand its 2,000,000 MNT prize to the winner; a judge on its panel; a 15-minute workshop; an optional challenge you set
Food	10,000,000 or catering in kind	"Meals by [You]" at five meals; logo on site and stage
Merchandise	4,500,000 or 220 shirts in kind	your logo on the shirt
Prize pool	1,000,000 and up	named contribution; you present one of the three awards
In kind	goods or services	logo on site and thanks from the stage

Every sponsor: logo on the website and results post, event photos, and a report with numbers within a week.

How it works. Uram Enerel NGO signs a one-page contract and invoices the sponsorship as advertising services with an e-barimt, so it books as a marketing expense (Law on Advertising, art. 19).
